QUOTATIONS

All quoted prices are valid for a 30-day period from the date of that quotation unless agreed to in writing stating otherwise.

PAYMENTS

THINQK PUMP PARTS BV accepts bank transfers only. By offering bank transfers as a method of payment in our web shop, we will reach a group of consumers who are more comfortable making their payments manually. Our customers prefer this since they do not have access to online banking, or because they do not feel safe disclosing their bank details online. In addition, this method allows customers to determine when they execute the payment. For some people, this is a reassuring thought. Not only is this traditional method of payment used in The Netherlands, the bank transfer is also a commonly used payment method internationally when it comes to paying for online products and services.

Payments should be made within 30 days (from invoice date) by bank transfer only.
